Item #7: Authorizing the City Manager to Sign a Universal Main Subscription Agreement with Workday, Inc. for Enterprise Software as a Service

- **Question:** Does the budget include Work Order system integration, GIS integration, Project and job cost systems with the ERP?
 - **Response:** The overall project budget includes integrations between the various City systems, work orders and GIS integration for utility billing, and the ability to track projects and grants. Tonight's action is to secure a savings of \$682,000 for the Workday software, which will provide financial and human resources software for budgeting, accounts payable and receivable, recruiting and onboarding, benefits, learning management, and other necessary functions for these departments.
