I would like to support a Limited license to open a retail storefront to support the existing "delivery only" cannabis business, Farmhouse Artisan Market. They have proved to be a responsible and well run business for 5 years and have become a supportive member of the Petaluma community. I have had personal as well as a business relationship with Claire and James and they provide a much needed service by giving advice to many of us who use their product for health reasons. Their delivery service is superb and is necessary for those who cannot leave their homes and adding a retail storefront would support them and the public in a positive way.

Thank you for considering this.

Sincerely,  
Sheila Bride
