Mr Mayor and City Council:

My name is Nickola Frye, and I am the Chair of the Senior Advisory Committee. I am also the Secretary for the Board of Directors of Rebuilding Together Petaluma, and a very proud delivery person for the Petaluma People Services program Meals on Wheels.

As you can guess I am extremely partial to the programs that you are proposing to receive the 2024-25 funds as part of the Community Development Block Grant from the Department of Housing and Urban Development.

In addition to the benefits I personally experience while being involved in these two programs, I want to let you know a little of the effects that these Petaluma nonprofits have on some of the residents that I have seen within, just this last week.

My neighbor and friend, Judy and I, have been delivering for Meals on Wheels every Tuesday and Thursday for almost three years. Route 8, our route, delivers hot, healthy meals to the residents of twenty or more east side Petaluma homes twice a week.

I get us to each home and Judy does the leg work to get the meals to each front door. We have formed friendships with those we deliver to: we know when they are handling illnesses or heading to the hospital, when they need cheering up, or when they might just need someone to talk to. We know who has dietary needs, we are aware when significant events happen in their lives, and we even know all their dogs' names.

We know who has difficulty getting to their door, so we call them when we are on the way, or if they cannot be home they let us know where to leave their meal, so the rooster who hangs out near their house doesn't get to the meal.

We enjoy helping the staff and volunteers at Meals on Wheels - Tracy, Bill and all the others, and they know that we love fresh baked cookies. As you can tell this is a mutual supportive group of Petaluma volunteers.

As for Rebuilding Together Petaluma, I have been as actively involved as I can be for almost two years. I first became involved with RTP when they were looking for seniors who needed yard work done at their homes.

Because I live in the Petaluma Estates, a senior manufactured community of 215 homes, I was very aware of the needs of some of my neighbors. I contacted Drake Cunningham and offered to organize information about thirty or more seniors who were in immediate need. We all get to an age where our limited mobility makes it difficult to get down and pull out all the weeds.

The differences that the volunteers and dedicated contractors of RTP have made in the lives of seniors, families, veterans, and low income residents is wonderful to observe. Just this last Saturday, April 6, I worked with ten community members who came together to do some serious, necessary repairs to an older mobile home. The work that was accomplished that day allowed the elderly couple, both in their 90s, to remain safely in their home.

Last September, RTP and another group of community volunteers and others worked hard to demolish the bathroom of this very same home. They replaced the flooring, including the subfloor and some joists, and put in new fixtures, safety handrails, and returned the restroom to full use for this sweet couple.

When you are involved and actually see the difference that RTP can make in the lives of those in need - safety checkups and equipment, new stairs, ramps and porches, weather stripping and windows, water heaters, not to mention somethings that you really do not want to know that residents in need have to deal with - holes in walls and floors, dry rot, broken windows, and missing heaters, you can understand why we take the mission of Rebuilding Together Petaluma so seriously.

The work of RTP is centered on repairing homes, revitalizing communities and rebuilding lives. Our goal is to create safe homes and communities for everyone.

For me it is a true pleasure to be involved with these two nonprofits.

Thank you for your time.

Nickola Frye
