## January 2025 hottest on record

Global average January temperature by year, compared with the pre-industrial average for January, 1850-1900

Source: ERA5, C3S/ECMWF, Darker reds reflect greater warming

BBC

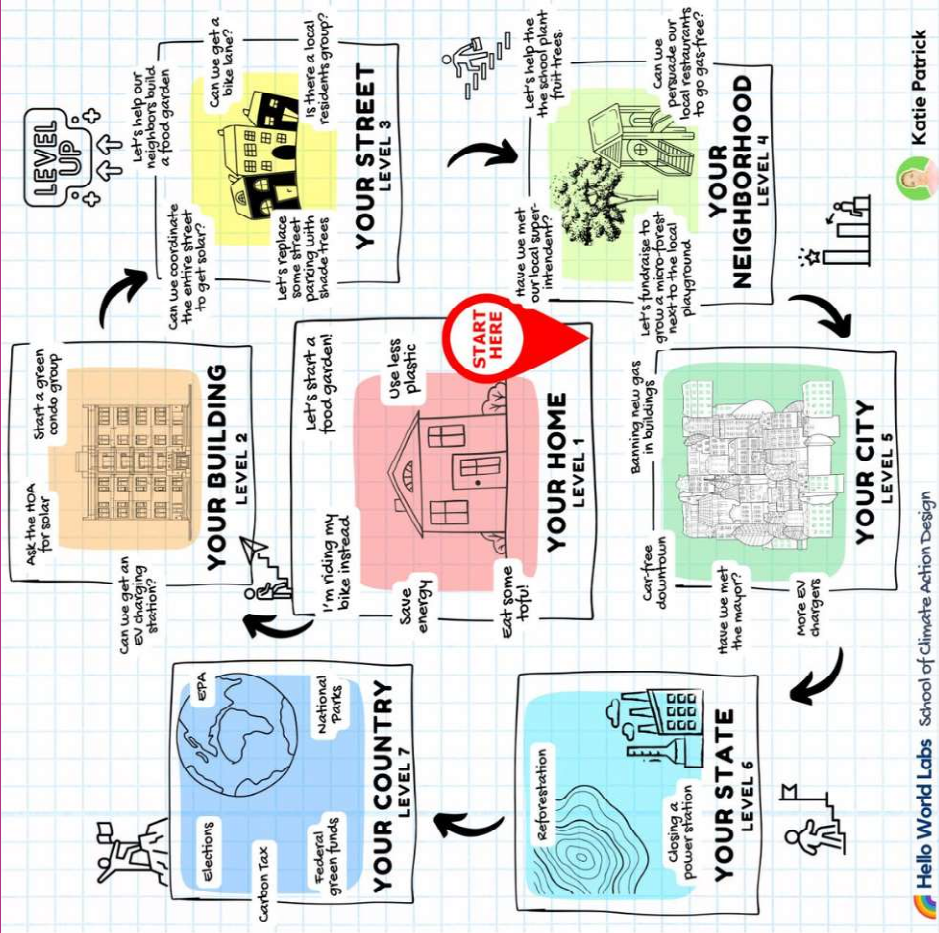

# Some Inspiration

## How Individual Actions Lead to Systems Change

All environmental change happens in local geographies, spreading from one person to another in a community until it leads to a tipping point.

~Katie Patrick, Hello World Labs
