TO: Honorable Mayor and Members of the City Council through City Manager

FROM: Vincent Marengo, Director, Public Works 

SUBJECT: Resolution Repealing and Updating Enabling Legislation for the Transit Advisory Committee to Reduce Committee Membership From Nine to Seven Members and Reduce the Quorum From Five to Four Members

RECOMMENDATION

It is recommended that the City Council adopt the attached resolution repealing and updating enabling legislation for the Transit Advisory Committee to reduce Committee membership from nine to seven members and reduce the quorum from five to four members.

BACKGROUND

On February 26, 2007, the City Council approved Resolution 2007-034 N.C.S., establishing the Transit Advisory Committee (TAC). The TAC was established to provide for review of critical issues related to the City's transit operations and the regional bus and rail operations within the City by interested and knowledgeable members of the Petaluma community. The enabling legislation was subsequently repealed and updated on August 4, 2008, establishing a committee of nine voting members, made up of eight at-large Council appointees and one liaison from the City Council. The required quorum was set at five members.

DISCUSSION

Three TAC member terms expired on June 30, 2010, thus applications were sought as part of the City's annual recruitment for boards and commissions. As of the June 14, 2010 deadline, there were no applicants for the Transit Advisory Committee. In light of this, and based on the composition of other City advisory committees, staff recommends that the established number of committee members be reduced, as it is in excess of that needed to carry out the mission of the Committee. Therefore, the purpose of this resolution is to reduce the number of required members from nine to seven, and the quorum from five to four.
