Hoping this is not too late.

For City Council:

I support David Keller's letter and any comments he may make at the meeting. I have found him to be knowledgeable and I trust his evaluations.

I have lived in Petaluma since 1974 and see how pressure from developers has blinded city administration from seeing the problems with new plans.

Hoping this time around, we will not be fooled again, and will treat our changing environment with the respect and seriousness it requires.

Regards,
