Dear Mayor McDonnell and City Councilmembers,

As a very connected community member, I have had many opportunities to encounter Taryn's excellent dedication and work to grow our City tree health. I have seen and spoken with Taryn at many events, and I have heard many others praise her work on trees and the environment, including Sonoma County Conservation Action, 350 Petaluma, the Climate Commission past and present, and more.

I understand we still are waiting for the final tree resolution update, which is so important for us all, so please keep Taryn appointed to Tree Commission so she may continue her work and see her strong contributions helping staff and city and community.

Sincerely,
Lendri
