Jeanie Heaslet	<p>Control of the Petaluma Fairgrounds must be local. Please do not turn over decision making and control of this precious space to the DAA or to the State of California. California funding dollars of 10 to 20 million, given to DAA for a Resiliency Center, would jeopardize forever this city space. Control over future possibilities for the space should belong to the city, it's families and it's businesses. The City should not renew the lease to Department of Agriculture Association.</p> <p>Sincerely, Jeanie Heaslet</p>
