As a parent of an eighth grader that has attended Live Oak Charter School since kindergarten and as a former second through fifth grade teacher at the same school, I am requesting that the city take over management of the portion of the fairgrounds that Live Oak Charter School rents. The school offers a rich story and art-based curriculum with a rigorous academic program and seasonal celebrations. My son has grown and thrived at the school and I know how dedicated and talented the teachers are and how involved and committed the community is. I know that the buildings need renovating to offer the healthiest environment for the students and that they haven't been tended to as necessary. I would hope that the city would put children first and make this a priority.

Sincerely,  
Ann Ingraham
