This is a public comment to city council.

Mike Healy clearly got special treatment for being a thief. Special treatment by city manager Flynn and police. They got Sonoma DA to quickly drop the charges. Charges dropped before police report was in the system and the incident was withheld from the crime blotter even though Healy confessed to his crime.

I'm not the only one who believes this. Petaluma residents see it. 85% see clearly what the truth is. Shameful. Don't say not a huge deal for white attorney in power to do this to several minorities. What happened to police oversight? The arrogance and special treatment are disgusting. Healy needs to step down now.

Do you think City Council Member Mike Healy will get Special Treatment for his committing Theft? Regardless of whether you debate \$ value of campaign signs, given Mike Healy admitted to doing this (violation of law), do you think DA will give him Special Treatment by moving swiftly to drop the case -- i.e., without due diligence?
