**Please include my public comments for consideration when the Council considers the above-referenced item.**

Dear Council Member,

At the Saturday, Feb. 4, 2023 in-person workshop about the Tenant Protection Ordinance ('TPO'), **77% of the speakers (24 of 31) opposed the current TPO.** All of those who opposed the TPO were either individuals (Mom and Pop investors) or management companies representing such Mom & Pop investors. No representatives for multi-unit complexes spoke. This vast majority opposing the Ordinance is important because the Feb. 4, 2023 workshop was neither videotaped nor documented (despite the fact that the City's website has a 'YouTube' video which is **incorrectly entitled** February 4, 2023, when in fact it is a video of the virtual meeting dated February 1, 2023).

D.F.
