RE: 1390 N McDowell Blvd, Petaluma - Wilco building
APNs 137-011-063 and -064

Dear Mr. Bettencourt,

The City of Petaluma's Public Works and Utilities Department will be implementing a street improvement project extending along 1.75 miles of North McDowell Boulevard from Sunrise Parkway north to Old Redwood Highway in 2023. This Complete Streets Project (the project) proposes a full reconstruction of the current four-lane arterial roadway and includes work to provide a safe path of travel on sidewalks alongside the Boulevard. The intent is to remedy locations along the corridor where the existing sidewalk is not compliant with current ADA (Americans with Disabilities Act) standards, primarily because of the slopes or lack of detectable surfaces.

The City would like to improve the existing sidewalk and ramp at the driveway near your property at 1390 N McDowell Blvd, currently tenanted by Wilco. The City holds a utility easement over most of the area in question, but to improve the sidewalk, the City needs an access (sidewalk) easement. City acquisition of an access easement will allow a compliant ADA path of travel to be constructed that is safe and directionally correct.

This letter is to confirm that the City's project would not change the current or future development potential for the 1390 N McDowell Blvd site comprised of 137-011-063 and -064 in that the improvement project will not change the zoning of the property or the applicable development standards. The site has Commercial 1 zoning with a Floodplain Combining District overlay; this designation does not require any setback from the front or street side. The existing public utility easement along McDowell already restricts development from occurring over the sidewalk area. Furthermore, any site redevelopment would require a public sidewalk and compliant ADA access. The Planning Division does not foresee any circumstance in which the requested minor easement or sidewalk improvements would negatively impact the property's development potential in the near or long term should the property owner accept an offer from Public Works to convey a sidewalk access easement to the City.
