2	I feel that simply replacing the play structure is woefully minimal in terms of park improvements. It feels like you're simply putting a new bandaid on a bad wound. As the expression goes: "You can make a silk purse out of a sow's ear." Please approve our Master Plan so the neighbors can pursue other sources of funding to make greater improvements to a poorly designed park that has needed renovations for over 30 years.	9/5/2022 12:20 PM

7	Recently went to Leghorn park with grandkids. Best playground in Petaluma	8/29/2022 10:05 PM
8	Shade over a play structure is really important to us. We enjoy going to Lucchesi park because the main play structure is covered. It would be nice to have a similar park within walking distance to us.	8/25/2022 3:39 PM
9	I love the surrounding grass field and the parks central location within Anna's Meadow. I would just love to see a swing set added and maybe bench seating for the adults to sit down on and watch the kids play.	8/24/2022 8:04 PM
10	Please no sand as yellow jackets really like sand. And one of the half dome climbing play structures would be so fun, like they have at strawberry elementary school in Santa Rosa.	8/24/2022 2:45 PM

30	Please have some sort of shade, it been a major reason we don't go there. It gets too hot without any type of shade and the little ones don't last long in the heat. Also, please please have foam ground in the play area, it's such a nice feature for not only early walkers and toddlers that fall but for adults too.	8/19/2022 12:36 PM

53	Keeping an open grassy area for kids to practice sports, picnic benches and tables	8/17/2022 3:40 PM
54	I like that there is a lot of open space for young kids to play catch. It would be nice if there was some seating. I walk by the park at least once a day and I see families and teens hanging out. I would not stop at that park very long because there is no comfortable place to sit. It seems like this survey is aimed at families with young kids, there are many homes in the neighborhood who do not house kids at home...please consider this when writing a survey.	8/17/2022 3:08 PM
55	Please include shade, either trees or shade sails, with the new equipment. Adding a unique feature, like the hammock swings at Stafford Lake, or a skate spot or group swings, etc. (something short enough not to encourage the unhoused to sleep there) would be a fun draw for the community.	8/17/2022 2:06 PM

69	Remembering that the neighborhood is quiet, and the kids already living there will grow. Lived there with that structure for 20+ years and still found ways to make it fun, as did the new kiddos once I aged out of playgrounds. Large grass areas also allowed many to use the space at once, while still feeling quaint and not disrupting the residents.	8/16/2022 12:20 PM

73	Add an area for a small family gathering with a covered overhang, three picnic tables, a bbq pit, and a small single restroom. Keep a large grass area if possible like the existing one for kids and dogs to run. For the park add a swing set with two child and two adult seats. For the play structure keep two slides with one that spirals. The area in which the playground already exists should be large enough to start a new one with different dimensions along with a swing set.	8/16/2022 9:54 AM
