Dear Petaluma Parks and Rec,

I want Lucchesi to remain an all-weather turf field. My children attend school across the street and love to play on the field in all seasons after school. Changing this field to grass takes away several seasons and frankly based on the conditions of other grass fields I don't believe the city has the resources to maintain a large grass field. I am not dismissing the environmental concerns, but the turf needs replacing now. The city should move forward with the project and then consider a long-term plan for turf fields in the city.

Sincerely,

Margaret Wolfli
