Hello,

I am writing to you today as a parent and invested member of the community to express that I support the Lucchesi turf replacement. This will strengthen our community and make it better by allowing an adequate, safe recreational space for our children. The turf replacement would make it possible for kids in the community to participate in sports and keep them active and healthy. The health of our kids is a huge priority and it is important for the department to keep them at the forefront of this decision.

Thank you for your time.

Respectfully,
Alicia Henson
