Dear City Council,

Field space in Petaluma is a precious commodity. Lucchesi Park field is well used, year round by a variety of sports leagues and camps. For the youth of Petaluma, the opportunity to play sports is an enriching experience, benefitting the social, emotional, and physical health of the children of our community. Having an artificial turf field allows children to play field sports year round, regardless of rain, drought, or gophers.

Lindsey Fisher
PYSL Recreational Director
