Hello,

I am a resident of Petaluma, and am writing to object to the hotel planned for this corner. Not only is it totally out of scale for that area, but building to the edges of that small lot is not at all in keeping with Petaluma's Historic District. I shudder to imagine the traffic issues which will result in that area.

It seems to me that a much more aligned use of that lot is to build housing. Even 4 stories of housing would be okay, and would result in far fewer cars needing to park, etc. I would ask that the City search for a developer who could build housing there, in keeping with the Petaluma plan.

Thank you,
