I would like to express my passionate objection to the above referenced project proposed at B Street and Petaluma Blvd. in Petaluma.

This project seems to have no redeeming qualities and would be an insult to our historic downtown. The height, let alone the congestion it would bring are two non-qualifiers. Why

even consider a review There are simply too many hurdles to overcome in even presenting this project as viable. Who are we trying to please here - people from out of town who do not have any feeling for our community

Please reject this project on behalf of our citizens who otherwise enjoy the history of an unusual downtown that deserves preserving and enhancing, not obliterating.
