Subject: Proposed Highrise Buildings for Petaluma

---Warning: Use caution before clicking any attachments. THIS EMAIL IS FROM OUTSIDE OUR EMAIL SYSTEM.---

Hello. I want to voice my concern and horror at the proposed changes to our beloved town via development from local interests and afar NO! We have no desire to change the feel of Petaluma, a beautiful town not city NO! No six story buildings to ruin our views, deface historic properties and ruin Petaluma. There has been waaaay too much development and speed lately Why the strong push to build a hotel on B Street with inadequate parking and dismal architecture? Renderings show it likening to post-war German housing with no appeal in design, which does not fit with the historic neighborhood and community Traffic congestion and parking promise to be a total

nightmare Petaluma has recently built several new hotels Has there been an Occupancy study to see how many rooms are being rented? We often see nearly empty hotel parking lots at many of the hotels. Do we need more rooms? We have a LOT of empty storefronts and idle properties already How many do we need? We don't need nor want the large buildings proposed, nor the ugly hotels that don't fit in. Please hear us Take back our town from M Group and greedy developers Thanks [REDACTED]
