Dear Honorable Members of the City Council,

I am writing this letter in support of renewing the Petaluma Tourism Improvement District (PTID) for the next 10 years. I serve as a Director for the PTID and want to underscore the value of the marketing resources that the Petaluma Visitors Program provides. Collaborating with my fellow hoteliers has been extremely valuable in brainstorming solutions for the challenges that face the specific location of our property.

Please know how much we value our Partnership with the City of Petaluma. We are optimistic about our future. I ask that you please vote "yes" for the renewal of the PTID.

Sincerely,

Sean Marsden
